📌 WHAT IS ZYED

One platform for the whole institution

ZyEd replaces the tangle of registers, spreadsheets and disconnected apps with a single system your institution runs on - from a student's first admission enquiry to their final Transfer Certificate.

Admissions, timetables, attendance, exams, fees, HR, communication and daily operations all share one record - so nothing is entered twice and everyone sees the same, up-to-date picture. Your data stays walled off from every other institution, your brand appears on every page, and parents, students and staff stay in the loop on their phones.

🕒 WHY ZYED

Why institutions choose ZyEd

Modern where it matters, calm where it counts - and built for India from the ground up.

One platform, one login

43 workflows across 11 areas share a single record - no duplicate data entry, no app-hopping.

Built for India

DPDP-ready privacy, GST invoicing, DLT-compliant SMS, Razorpay, and formats for every board, university and affiliation.

Your data, yours alone

A private, isolated database per institution and a tamper-proof audit log of who did what, when.

Trilingual

English, Malayalam and Hindi from day one - your institution, in your community's language.

Modern & calm

A clean, fast, high-density interface that stays quick even on low-end office computers.

Safe AI

Ask in plain English. The assistant respects each user's exact permissions and confirms every action first.

☰ EVERYTHING IN ONE PLACE
